Supporting Transparent Land  
Governance in Ukraine

# Topic III: What is the State Agrarian Registry (SAR)?

## A EU compliant software tool to transfer support to farmers

- Developed for digital processing of (matching) grants – useful for any rule-based transfer
- Multi-purpose: Sign-up once (online-validated w. id.gov; cadaster); apply to any program
- Transparent & auditable: Payment & reporting modules; ample scope for ex-post controls
- Decentralized: Can assign roles (incl. pgm mgmt.) to anybody (incl. local Gov't or private)
- Modular & expandable: Can alert any registered user & add new programs anytime
- Any targeting criteria: Internal (region, age, land size, gender) or external (crop loss)
- Can develop into a digital hub for interaction with Gov't & private sector

## Developed with EU support

- Software is tested & fully functional, being deployed by MAPF
- Fully functional (incl. link to cadaster & all other registries) in next 2 weeks

# 1<sup>st</sup> use: EU-supported producer support grant (PSG)

## **Euro 50 mn. earmarked in 500 mn. tranche of EU budget support**

- Resources to be transferred by end of July

## **Eligibility & implementation arrangements**

- Farmers up to 120 ha – fixed grant per ha or cow
- State Farmers Fund to implement w. IPRSA support
- Registration in SAR precondition for grant application
- Eligibility criteria & max. grant automatically checked in cadaster or animal registry

## **Rigorous evaluation to allow expansion/replicability, especially for PCG**

- Responsibility of WB Research Department
- Satellite imagery (near real time) & survey if possible for crop prod'y before & after grant
- Assess suitability of workflows & make suggestions for improvement

# Timeline for implementation

## **SAR sign-up phase starting Aug. 1**

- MAPF-supported communications campaign to wide disseminate
- SAR as a tool to be informed about & transparently access support programs

## **Program application phase from 2<sup>nd</sup> half of August**

- Once Gov't-internal resource transfer arrangements complete
- Monthly disbursements (eligibility automatically checked) – first come basis via SFF

## **Expect this would become standard tool for state support in line with EU norms**

- Supported by WB P4R as one of the fund release conditions
- Basis for EU support to Partial Credit Guarantee Agency
- Public good that can be used by any donor to support rural recovery & agric. growth
- **Ministry to make in-depth presentation once fully deployed & before launch**
